

TOYRUS

Mr. Don Butcher Director of Logistics

Reference: **RA-TECH Electrical Services Inc.**

Please be advised that Ra-Tech Electrical Services Inc. has been providing 24/7 service to the Region of Peel for over the last five (5) years, supporting the Water and Wastewater Divisions in over 60 locations.

The service supplied by Ra-Tech Electrical Services Inc. has been exceptional, backed up with immediate response to regular and emergency conditions. The ability to work with other vendors is certainly a plus, especially in locating specialized equipment/parts to minimize down time.

Ra-Tech Electrical Services Inc. has also made a commitment to meet the more stringent confined space entry requirements and the new CSA Z462 Workplace Electrical Safety Standard.

I have no hesitation to recommend this company to provide electrical services, whether PLC/control troubleshooting, high/low voltage work or mechanical fabrication.

Sincerely

Dallas E Stinson C.E.T.
